DREAMS, THOUGHTS & POETRY THE MUSIC OF ENRICO PIERANUNZI

Featuring Bert Lochs, Florian Zenker & Karel Boehlee

Ten years after Jasper Somsen's first released album as a bandleader, the band revisits the musical realm of one of the finest, still active, European Jazz pianists and composers of the last 40 years: Enrico Pieranunzi. "Dreams, Thoughts & Poetry" (The Music Of Enrico Pieranunzi) was released in 2010 at Challenge Records. The album turned out to be the spin off for Jasper's international career as a double bassist/composer/producer, collaborating frequently with the Italian maestro, since 2012. The anniversary line up is the core of the original album, featuring pianist Karel Boehlee. Born in December 1949, the concerts will also be a celebration of the Pieranunzi's 70th birthday!
